Experience

Animation Director / Technical Director

Floyd County Productions

November 2011 – Present

- Over a decade of experience working with Toon Boom Harmony to develop pipelines, rigs, and workflows for a variety of series such as “Marvel’s Hit Monkey” and the feature film “America: The Motion Picture”. This process has included designing a system of Harmony rigs to be used company-wide as well as developing a Master Controller system. I then trained staff both in-house as well as overseas in outside studios to implement these rigs and systems.
- Directing Animation for various productions including “Legion” and a season of the series “Dicktown”. Leading a team to complete episodes while working with clients to satisfy the creators and network.
- Working with Producers, Directors, and Leads to ensure that deadlines were met. Working across departments to ensure a smooth workflow across productions to increase efficiency and reduce costs.
